NB In week 5 of this block 5 (19th May), we will be designing and creating Circuit Couture - wearable light up tech and we will need a few specialist resources. You can either get these from the suggested Amazon links (or source them yourself) or just get the kit of what you will need from my shop. Suggestion for paper circuit light up set <https://www.amazon.co.uk/dp/B0CZKGVV3V/?tag=drjoscience-21> Plus you will also need a coin cell battery <https://www.amazon.co.uk/dp/B003UOYB8A/?tag=drjoscience-21> Keep batteries away from small children. OR Get the kit you need from my shop - see below - this isn't available last minute (I'll close orders on 12th May) so prepare in advance! Some links shared may be affiliate links, which means I (Dr Jo) may earn a small commission at no extra cost to you. These should be available on next day delivery or you can source them/something similar from other suppliers, or you may even have something already! You're never required to buy anything - all activities can be completed by watching the demonstrations, and/or there's always something to join in with just basic resources. Thank you for supporting me. Kit direct from my shop (cheaper as you get just what you need - enough for two!) <https://buymeacoffee.com/drjoscience/e/522631>
